Professional Summary

Azure Integration Engineer with 2+ years of experience delivering cloud-based data integration and migration solutions on Microsoft Azure. Expertise in Azure Data Factory (ADF), Azure Logic Apps, Azure Function Apps, and Informatica PowerCenter. Strong experience in ETL pipelines, data transformation, and integration modernization. Azure certified (AZ-900, AZ-104, AI-900) with a focus on scalable, serverless architectures.

Technical Skills

- **Cloud & Azure:** Azure Data Factory, Azure Logic Apps, Azure Function Apps, Azure App Service, Azure Resource Manager, Azure Monitor, Azure DevOps, Power Automate
- **Integration & Data:** Informatica PowerCenter, ETL Pipelines, Data Integration
- **Programming:** Python, SQL

Work Experience

Swiss Re Global Business Solutions India Pvt Ltd

Feb 2024 – Present

Azure Integration Engineer

- Migrated enterprise workflows from Informatica PowerCenter to Azure using Azure Data Factory (ADF), improving data processing efficiency by 30–50%.
- Designed and implemented ADF pipelines to streamline HR and business data processing, improving overall efficiency by 40%.
- Worked on integration modernization initiatives and collaborated with cross-functional teams to enhance enterprise data workflows.
- Developed Azure Logic Apps and Function Apps for orchestrating workflows and implementing event-driven transformations.
- Conducted detailed analysis and documentation of Informatica workflows to support enterprise-scale migration to Azure Data Factory.
- Built an automated data processing workflow using Power Automate to integrate and transform data, implementing validation, deduplication, and error-handling logic.
- Worked with MDM teams and implemented data validation to ingest and ensure data quality and consistency from upstream systems.
- Optimized ETL pipelines and handled production issues in Azure Data Factory, improving performance and ensuring reliable integrations.
- Implemented monitoring and alerting using Azure Monitor and ensured secure access via RBAC.
- Extracted data using REST APIs (SuccessFactors) and integrated it into enterprise workflows.
- Implemented and managed CI/CD pipelines using Azure DevOps for automated deployment across development, test, and production environments.

Varcons Technologies

Mar 2023 – May 2023

Software Engineering Intern

- Contributed to the redesign of the Leisure Square restaurant website by developing frontend templates and supporting backend integration.
- Developed web applications using HTML, CSS, JavaScript, and MySQL, and optimized backend data handling.

Education

Vidyavardhaka College of Engineering

2019 – 2023

Bachelor of Engineering in Computer Science

Certifications

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Microsoft Certified: Azure Administrator Associate (AZ-104)
- Microsoft Certified: Azure AI Fundamentals (AI-900)
